

Dear Participants,

**Invitation to Participate at the 3rd Conference of the African Plant Breeders Association (APBA)
#APBAConf2023 in Benguerir, Morocco**

The African Plant Breeders Association (APBA) cordially invites you to join us at the 3rd APBA Conference, hosted at the Mohammed VI Polytechnic University (UM6P) in the vibrant city of Benguerir, Morocco.

Event Details:

Conference: **3rd APBA Conference**

Date: **October 23rd - 26th, 2023**

Venue: **Mohammed VI Polytechnic University (UM6P), Benguerir, Morocco**

Theme: **"Leveraging Genetic Innovation for Resilient African Food Systems in the Face of Global Challenges"**

As a valued participant, your presence and insights will significantly contribute to shaping discussions and outcomes related to this important theme.

To ensure a seamless experience, we kindly remind you to start preparing your [Travel](#) and [Hotel](#) arrangements in advance, including securing any necessary visas for travel to Morocco.

Stay informed about the conference updates and logistics by regularly visiting the official conference website at <https://apbaconf2023.um6p.ma/>.

For any questions or clarifications, please don't hesitate to reach out to the secretariat at info_apba@wacci.ug.edu.gh / apbaconf2023@um6p.ma.

Your participation is vital in making the 3rd APBA Conference (#APBAConf2023) a resounding success and we look forward to welcoming you to Morocco.

Yours sincerely,

Prof. Moez Amri

Chairman, Local Organizing Committee

Cc: The President, APBA
The Vice-President, APBA
The General Secretary, APBA
The Treasurer, APBA
APBA Secretariat

The African Plant Breeders Association (APBA) is an initiative of full-fledged scientists, students, and professionals in Africa from higher education institutions (HEIs), research organisations and private companies who felt the need to change the narrative of crop improvement and the seed sector in Africa
